

Your Yearly Medicare Review

Medicare Open Enrollment
October 15 – December 7

Medicare

Open Enrollment is October 15 – December 7

Open Enrollment is the time to review your Medicare health or drug coverage for yourself and decide if you want to make changes. Remember, Medicare costs, benefits, and providers can change each year. Comparing your options could help you find better coverage or save money.

There are 2 main ways to get your Medicare coverage:

- **Original Medicare:** Part A (Hospital Insurance) and Part B (Medical Insurance). You also have the option to join a separate Medicare drug plan to get drug coverage (Part D).
- **Medicare Advantage (Part C):** Medicare-approved plans from private companies that bundle together your Part A, Part B, and usually Part D.

During Open Enrollment, you can join, switch, or drop a Medicare Advantage Plan or Medicare drug plan, switch to Original Medicare, or keep your current coverage. **If you've reviewed your options and you're happy with your current coverage, you don't need to do anything (your coverage will continue automatically).**

Have Medicare Supplement Insurance (Medigap)?

If you already have Medigap and join a Medicare Advantage Plan, you might decide to drop Medigap. You may not be able to get the same Medigap policy back later depending on your state's Medigap enrollment rules and your situation.

Around Open Enrollment, you might get a lot of mail from companies offering Medicare products. Remember, [Medicare.gov](https://www.medicare.gov), the "Medicare & You" handbook, and 1-800-MEDICARE (1-800-633-4227) are your official sources of unbiased Medicare information.

How do I get started?

1. Review any information you get from your current plan, including the "Annual Notice of Change" letter, to learn how costs and benefits may change in 2026.
2. Look for a list of plans in your area. You can find this list in the most recent version of your "Medicare & You" handbook, or by visiting [Medicare.gov/plan-compare](https://www.medicare.gov/plan-compare). You may be able to find plans in your area that:
 - Cost less
 - Cover your prescription drugs
 - Have the providers you want, like your doctor or pharmacy, in their networks
 - Offer some extra benefits that matter to you

You can use [Medicare.gov/plan-compare](https://www.medicare.gov/plan-compare) to:

- Get estimates of your total out-of-pocket costs
- Find quality and customer service ratings from current plan members
- Get customized coverage and cost information for your preferred pharmacies and any prescription drugs you take

How do I join or switch plans?

To join a new plan:

- Select "Enroll" for the plan you want to join on [Medicare.gov/plan-compare](https://www.medicare.gov/plan-compare).
- Visit the plan's website or call them directly. You can also ask for a paper form to fill out and mail back to the plan (they must get your enrollment form by December 7).

How can I get help comparing plans?
