Section 1: Medicare Basics

What's Medicare?

Medicare is health insurance for people 65 or older, certain people who are under 65 with disabilities, and people of any age with End-Stage Renal Disease (ESRD) (permanent kidney failure requiring dialysis or a kidney transplant).

The different parts of Medicare

The different parts of Medicare help cover specific services.

Part A (Hospital Insurance)

Helps cover:

- Inpatient care in hospitals
- Skilled nursing facility care
- Hospice care
- Home health care

Underlined words are defined on pages 93 – 97.

6 _ Section 1: Medicare Basics

Part B (Medical Insurance)

Helps cover:

- Services from doctors and other health care providers
- Outpatient care
- Home health care
- Durable medical equipment (like wheelchairs, walkers, hospital beds, and other equipment)
- Many preventive services (like screenings, shots or vaccines, and yearly “Wellness” visits)

Part D (Drug coverage)

Helps cover:

Cost of prescription drugs (including many recommended shots or vaccines)

Plans that offer Medicare drug coverage (Part D) are run by private insurance companies that follow rules set by Medicare.

7 _ Section 1: Medicare Basics

Your Medicare coverage options

When you first sign up for Medicare, and during certain times of the year, you can choose how you get your Medicare coverage. There are 2 main ways to get Medicare.

Original Medicare

- Includes Medicare Part A (Hospital Insurance) and Part B (Medical Insurance).
- You can join a separate **Medicare drug plan** to get Medicare drug coverage (Part D).
- You can use any doctor or hospital that takes Medicare, anywhere in the U.S.
- To help pay your out-of-pocket costs in Original Medicare (like your 20% **coinsurance**), you can also shop for and buy supplemental insurance. This includes Medicare Supplement Insurance (Medigap). Or, you can use coverage from a former employer or union, or **Medicaid**.

Medicare Advantage (also known as Part C)

- A Medicare-approved plan from a private company that offers an alternative to Original Medicare for your health and drug coverage. These “bundled” plans include Part A, Part B, and usually Part D.

8 _ Section 1: Medicare Basics

- In most cases, you can only use doctors who are in the plan's network.
- In many cases, you may need to get approval from your plan before it covers certain drugs or services.
- Plans may have lower out-of-pocket costs than Original Medicare.
- Plans may offer some extra benefits that Original Medicare doesn't cover—like vision, hearing, and dental services.

Medicare and the Health Insurance Marketplace^{®1}

Even if you have Marketplace coverage, you should generally sign up for Medicare when you're first eligible to avoid the risk of a delay in Medicare coverage and the possibility of a Medicare late enrollment penalty. Once you're eligible for Medicare, you'll have an Initial Enrollment period to sign up for Medicare. For most people, this is the 7-month period that starts 3 months before the month they turn 65, includes the month they turn 65, and ends 3 months after the month they turn 65.

¹ "Health Insurance Marketplace[®]" is a registered service mark of the U.S. Department of Health & Human Services.

9 _ Section 1: Medicare Basics

You can keep your Marketplace plan without penalty until your Medicare coverage starts. Once you're considered eligible for premium-free Part A or enrolled in Part A with a **premium**, you won't qualify for help from the Marketplace to pay your Marketplace plan premiums or other medical costs. If you continue to get help paying your Marketplace plan premium after you're considered eligible for premium-free Part A or enrolled in Part A with a premium, you may have to pay back some or all of the help you got when you file your federal income taxes.

Visit **HealthCare.gov** to connect to the Marketplace in your state, or learn how to end your Marketplace plan when you become eligible for Medicare to avoid a gap in coverage. You can also call the Marketplace Call Center at 1 800 318 - 2596. TTY users can call 1 855 889 - 4325.

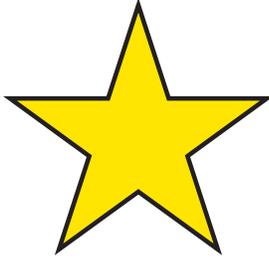

Note: Medicare isn't part of the Marketplace. The Marketplace doesn't offer Medicare Supplement Insurance (Medigap) policies, **Medicare Advantage Plans**, or Medicare drug coverage (Part D).

Section 2: Medigap Basics

What's a Medigap policy?

A Medigap policy is an insurance policy that helps fill “gaps” in Original Medicare and is sold by private companies. Medigap policies can help pay for some of the costs that Original Medicare doesn't, like copayments, coinsurance, and deductibles.

Some Medigap policies also cover certain benefits Original Medicare doesn't cover, like emergency medical care when you travel outside the U.S. (foreign travel emergency services). Medigap policies don't cover your share of the costs under other types of health coverage, including Medicare Advantage Plans, stand-alone Medicare drug plans, employer/union group health coverage, Medicaid, or TRICARE.

Underlined words are defined on pages 93 – 97.

12 _ Section 2: Medigap Basics

If you have Original Medicare and a Medigap policy, Medicare will pay its share of the **Medicare-approved amount** for covered health care costs. Then, your Medigap policy pays its share. Medicare doesn't pay any of the costs of buying a Medigap policy.

A Medigap policy is different from a **Medicare Advantage Plan** because those plans are another way to get your Part A and Part B benefits, while a Medigap policy only helps pay for the costs that Original Medicare doesn't cover. Insurance companies generally can't sell you a Medigap policy if you have coverage through a Medicare Advantage Plan or **Medicaid**.

All Medigap policies must follow federal and state laws designed to protect you, and policies must be clearly identified as "Medicare Supplement Insurance." Medigap policies are standardized, and in most states are named by letters, Plans A – N. Each standardized Medigap policy under the same plan letter must offer the same basic benefits, no matter which insurance company sells it.

Cost is usually the only difference between Medigap policies with the same plan letter sold by different insurance companies.

13 _ Section 2: Medigap Basics

What Medigap policies cover

The information on pages 15 – 16 gives you a quick look at the standardized Medigap plans available. You can also find out which insurance companies sell Medigap policies in your area by visiting [Medicare.gov/medigap-supplemental-insurance-plans](https://www.medicare.gov/medigap-supplemental-insurance-plans). If you need help comparing and choosing a policy, call your [State Health Insurance Assistance Program \(SHIP\)](#) for help. Go to pages 89 – 92 for your state's phone number.

- Every insurance company selling Medigap policies must offer Plan A. If they want to offer policies in addition to Plan A, they must also offer either Plan C or Plan F to individuals who aren't new to Medicare and either Plan D or Plan G to individuals who are new to Medicare. Not all types of Medigap policies may be available in your state.
- Plans D and G with coverage starting on or after June 1, 2010, **have different benefits** than Plans D or G bought before June 1, 2010.
- **Plans E, H, I, and J are no longer sold**, but if you already have one, you can generally keep it.

14 _ Section 2: Medigap Basics

- Since January 1, 2020, Medigap plans sold to people new to Medicare aren't allowed to cover the Part B **deductible**. Because of this, **Plans C and F are no longer available to people new to Medicare on or after January 1, 2020.**
 - If you already have either of these two plans (or the high deductible version of Plan F) or you were covered by one of these plans before January 1, 2020, you'll be able to keep your plan. If you were eligible for Medicare before January 1, 2020, but not yet enrolled, you may be able to buy one of these plans.
 - For this situation, people new to Medicare are people who turned 65 on or after January 1, 2020, and people who get Medicare Part A (Hospital Insurance) on or after January 1, 2020.

In Massachusetts, Minnesota, and Wisconsin, Medigap policies are standardized in a different way. (Go to pages 78 – 86.) In some states, you may be able to buy another type of Medigap policy called **Medicare SELECT**. Medicare SELECT are standardized plans that may require you to use certain providers and may cost less than other Medigap plans. (Go to page 32.)

15 _ Section 2: Medigap Basics

Below is basic information about the different benefits that Medigap plans cover. If a percentage appears, the Medigap plan covers that percentage of the benefit, and you must pay the rest.

- **Medicare Part A coinsurance and hospital costs (up to an additional 365 days after Medicare benefits are used)** covers 100% in plans A, B, C, D, F*, G*, K, L, M, and N.
- **Medicare Part B coinsurance or copayment** covers 100% in plans A, B, C, D, F*, G*, M and N. Covers 50% in plan K and 75% in plan L.
- **Blood (first 3 pints)** covers 100% in plans A, B, C, D, F*, G*, M, and N. Covers 50% in plan K and 75% in plan L.
- **Part A hospice care coinsurance or copayment** covers 100% in plans A, B, C, D, F*, G*, M, and N. Covers 50% in plan K and 75% in plan L.
- **Skilled nursing facility care coinsurance** covers 100% in plans C, D, F*, G*, M, and N. Covers 50% in plan K and 75% in plan L.
- **Part A deductible** covers 100% in plans B, C, D, F*, G*, and N. Covers 50% in plan K and M and 75% in plan L.
- **Part B deductible** covers 100% in plans C and F*.

16 _ Section 2: Medigap Basics

- **Part B excess charge** covers 100% in plans F* and G.
- **Foreign travel emergency (up to plan limits)** covers 80% in plans C, D, F*, G*, M, and N.
- **Out-of-pocket limit for plan K**** in 2023 is \$6,940.
- **Out-of-pocket limit for plan L**** in 2023 is \$3,470.

* Plans F and G also offer a high-deductible plan in some states (Plan F isn't available to people new to Medicare on or after January 1, 2020.) If you get the high-deductible option, you must pay for Medicare-covered costs (**coinsurance**, **copayments**, and **deductibles**) up to the deductible amount of \$2,700 in 2023 before your policy pays anything, and you must also pay a separate deductible (\$250 per year) for foreign travel emergency services.

** Plans K and L show how much they'll pay for approved services before you meet your out-of-pocket yearly limit and your Part B deductible (\$226 in 2023). After you meet these amounts, the plan will pay 100% of your costs for approved services for the rest of the calendar year.

*** Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that don't result in an inpatient admission.

17 _ Section 2: Medigap Basics

What Medigap policies don't cover

Generally, Medigap policies don't cover:

- Long-term care (like non-skilled care you get in a nursing home)
- Vision or dental services
- Hearing aids
- Eyeglasses
- Private-duty nursing

Types of coverage that aren't Medigap policies

- Medicare Advantage Plans (also known as Part C)
- Medicare drug plans (Part D)
- Medicaid
- Employer or union plans, including the Federal Employees Health Benefits Program (FEHBP)
- TRICARE
- Veterans' benefits
- Long-term care insurance policies
- Indian Health Service, Tribal, and Urban Indian Health plans
- Qualified Health Plans sold in the Health Insurance Marketplace®

18 _ Section 2: Medigap Basics

What types of Medigap policies can insurance companies sell?

In most cases, Medigap insurance companies can sell you only a standardized Medigap policy. All Medigap policies must have specific benefits, so you can compare them easily. If you live in Massachusetts, Minnesota, or Wisconsin, go to pages 78 – 86.

Insurance companies that sell Medigap policies don't have to offer every Medigap plan. Each insurance company decides which Medigap plans it wants to sell, although federal and state laws might affect which ones they can offer.

In some cases, an insurance company must sell you a Medigap policy if you want one, even if you have health problems. You're guaranteed the right to buy a Medigap policy during certain times:

- When you're in your **Medigap Open Enrollment Period** (Go to pages 21 – 22.)
- If you have a **guaranteed issue right** (Go to pages 36 – 46.)

19 _ Section 2: Medigap Basics

You may be able to buy a Medigap policy at other times, but the insurance company can deny you a Medigap policy based on your health. Also, in some cases, it may be illegal for the insurance company to sell you a Medigap policy.

What do I need to know if I want to buy a Medigap policy?

- You must have Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance).
- If you have a Medicare Advantage Plan but are planning to return to Original Medicare, you can apply for a Medigap policy before your coverage ends. The Medigap insurance company can sell it to you as long as you're leaving the Medicare Advantage Plan. Ask that the new Medigap policy start when your Medicare Advantage Plan enrollment ends, so you'll have continuous coverage.
- You pay the private insurance company a premium for your Medigap policy in addition to the monthly Part B premium you pay to Medicare.
- A Medigap policy only covers one person. If you and your spouse both want Medigap coverage, **you'll each have to buy separate Medigap policies.**

20 _ Section 2: Medigap Basics

- When you have your **Medigap Open Enrollment Period**, you can buy a Medigap policy from any insurance company that's licensed in your state.
- Any new Medigap policy issued since 1992 is **guaranteed renewable** even if you have health problems. This means the insurance company can't cancel your Medigap policy as long as you stay enrolled and pay the **premium**.
- Some states may have laws that give you additional protections.
- **Different insurance companies may charge different premiums for the same exact Medigap plan type.** As you shop for a policy, be sure you're comparing policies under the same plan type (for example, compare Plan A from one company with Plan A from another company).
- Although some Medigap policies sold in the past covered prescription drugs, Medigap policies sold after January 1, 2006, aren't allowed to include prescription drug coverage. If you want drug coverage, you can join a **Medicare drug plan** offered by private companies approved by Medicare. (Go to pages 5 – 8.) To learn about Medicare drug coverage, visit **Medicare.gov**, or call 1 800 633 - 4227. TTY users can call 1 877 486 - 2048.

21 _ Section 2: Medigap Basics

When's the best time to buy a Medigap policy?

The best time to buy a Medigap policy is during your **Medigap Open Enrollment Period**. This period lasts for 6 months and begins on the first day of the month you're both 65 or older and enrolled in Medicare Part B. Some states have additional Open Enrollment Periods, including those for people who are under 65. If you're under 65 and have Medicare because of a disability or End-Stage Renal Disease (ESRD), you might not be able to buy the Medigap policy you want, or any Medigap policy, until you turn 65. (Go to page 73 for more information.)

During the Medigap Open Enrollment Period, an insurance company can't use **medical underwriting** to decide whether to accept your application. This means the insurance company can't do any of these because of your health problems:

- Refuse to sell you any Medigap policy it offers
- Charge you more for a Medigap policy than they charge someone with no health problems
- Make you wait for coverage to start (except as explained on the next page)

22 _ Section 2: Medigap Basics

While the insurance company can't make you wait for your coverage to start, it may be able to make you wait for coverage related to a **pre-existing condition**. A pre-existing condition is a health problem you have before the date a new insurance policy starts. In some cases, the Medigap insurance company can refuse to cover your out-of-pocket costs for these pre-existing health problems for up to 6 months. This is called a "pre-existing condition waiting period." After 6 months, the Medigap policy will cover the pre-existing condition.

Coverage for a pre-existing condition can **only** be excluded if the condition was treated or diagnosed within 6 months before your Medigap policy coverage starts. This is called the "look-back period." Remember, for Medicare-covered services, Original Medicare will still cover the condition, even if the Medigap policy won't, but you're responsible for the Medicare **coinsurance** or **copayment**.

Creditable coverage

It's possible to avoid or shorten your waiting period for a pre-existing condition if:

- You buy a Medigap policy during your 6-month **Medigap Open Enrollment Period**.
- You're replacing certain kinds of health coverage that counts as "creditable coverage."

23 _ Section 2: Medigap Basics

Prior creditable coverage is generally any other health coverage you recently had before applying for a Medigap policy. If you've had at least 6 months of continuous prior creditable coverage, the Medigap insurance company can't make you wait before it covers your **pre-existing conditions**.

There are many types of health coverage that may count as creditable coverage for Medigap policies, but they'll only count if you didn't have a break in coverage for more than 63 days.

Your Medigap insurance company can tell you if your previous coverage will count as creditable coverage for this purpose. You can also call your **State Health Insurance Assistance Program (SHIP)**.

(Go to pages 89 – 92.)

If you buy a Medigap policy when you have a **guaranteed issue right** (also called "Medigap protection"), the insurance company can't use a pre-existing condition waiting period. Go to pages 36 – 46 for more information about guaranteed issue rights.

24 _ Section 2: Medigap Basics

Why is it important to buy a Medigap policy when I'm first eligible?

During your **Medigap Open Enrollment Period**, you have the right to buy any Medigap policy offered in your state. In addition, you'll generally get better prices and more choices among policies. If you apply for Medigap coverage **after** your Open Enrollment Period, there's no guarantee that an insurance company will sell you a Medigap policy if you don't meet the **medical underwriting** requirements, **unless** you're eligible for **guaranteed issue rights** (Medigap protections) because of one of the situations listed on pages 36 – 46.

It's also important to understand that your Medigap rights may depend on when you choose to sign up for Medicare Part B. If you're 65 or older, your Medigap Open Enrollment Period begins when you sign up for Part B, and it can't be changed or repeated. After your Medigap Open Enrollment Period ends, you may be denied a Medigap policy or charged more for a Medigap policy due to past or present health problems.

25 _ Section 2: Medigap Basics

In most cases, it makes sense to sign up for Part B and buy a Medigap policy when you're first eligible for Medicare, because you might otherwise have to pay a Part B late enrollment penalty and might miss your 6-month **Medigap Open Enrollment Period**. However, there are exceptions if you have employer coverage.

Employer coverage

If you have group health coverage through an employer or union, because either you or your spouse is currently working, you may want to wait to sign up for Part B. Benefits based on current employment often provide coverage similar to Part B, so you wouldn't want to pay for Part B before you need it, and your Medigap Open Enrollment Period might expire before a Medigap policy would be useful. When the employer coverage ends, you'll have a chance to sign up for Part B without a late enrollment penalty, which means your Medigap Open Enrollment Period will start when you're ready to take advantage of it. If you or your spouse is still working and you have coverage through an employer, contact your employer or union benefits administrator to find out how your insurance works with Medicare. Go to page 44 for more information.

26 _ Section 2: Medigap Basics

How do insurance companies set prices for Medigap policies?

Each insurance company decides how it'll set the price, or **premium**, for its Medigap policies. The way they set the price affects how much you pay now and in the future. Each Medigap policy can be priced or "rated" in one of three ways:

1. Community-rated (also called "no-age-rated")
2. Issue-age-rated (also called "entry-age-rated")
3. Attained-age-rated

Each of these ways of pricing Medigap policies is described on the next three pages. The examples show how your age affects your premiums, and why it's important to look at how much the Medigap policy will cost you now and in the future. The amounts in the examples aren't actual costs. Other factors like where you live, **medical underwriting**, and discounts can also affect the amount of your premium.

27 _ Section 2: Medigap Basics

Community-rated (also called “no-age-rated”)

How it’s priced

Generally the same premium is charged to everyone who has the Medigap policy, regardless of age or gender.

What this pricing may mean for you

Your premium isn’t based on your age. Premiums may go up because of inflation and other factors but not because of your age.

Examples

Mr. Smith is 65. He buys a Medigap policy and pays a \$165 monthly premium.

Mrs. Perez is 72. She buys the same Medigap policy as Mr. Smith. She also pays a \$165 monthly premium.

- End of Page

28 _ Section 2: Medigap Basics

Issue-age-rated (also called “entry age-rated”)

How it’s priced

The premium is based on the age you are when you buy (are “issued”) the Medigap policy.

What this pricing may mean for you

Premiums are lower for people who buy at a younger age and won’t change as you get older. Premiums may go up because of inflation and other factors but not because of your age.

Examples

Mr. Han is 65. He buys a Medigap policy and pays a \$145 monthly premium.

Mrs. Wright is 72. She buys the same Medigap policy as Mr. Han. Since she is older when she buys it, her monthly premium is \$175.

29 _ Section 2: Medigap Basics

Attained-age-rated

How it's priced

The premium is based on your current age (the age you've "attained"), so your premium goes up as you get older.

What this pricing may mean for me

Premiums are low for younger buyers but go up as you get older. They may be the least expensive at first, but they can eventually become the most expensive. Premiums may also go up because of inflation and other factors.

Examples

Mrs. Anderson is 65. She buys a Medigap policy and pays a \$120 monthly premium. Her premium will go up each year:

- At 66, her premium goes up to \$126.
- At 67, her premium goes up to \$132.

Mr. Dodd is 72. He buys the same Medigap policy as Mrs. Anderson. He pays a \$165 monthly premium. His premium is higher than Mrs. Anderson's because it's based on his current age. Mr. Dodd's premium will go up each year:

- At 73, his premium goes up to \$171.
- At 74, his premium goes up to \$177.

30 _ Section 2: Medigap Basics

Comparing Medigap costs

As discussed on the previous pages, the cost of Medigap policies can vary widely. **There can be big differences in the premiums that different insurance companies charge for exactly the same coverage.** As you shop for a Medigap policy, be sure to compare Medigap plan types with the same letter, and consider the type of pricing each insurance company uses. (Go to pages 26 – 29.) For example, compare Plan G from one company with Plan G from another company. Although this guide **can't** give actual costs of Medigap policies, you can get this information by calling insurance companies or your **State Health Insurance Assistance Program (SHIP)**. (Go to pages 89 – 92.)

You can also find out which insurance companies sell Medigap policies in your area by visiting **Medicare.gov/medigap-supplemental-insurance-plans**.

The cost of your Medigap policy may also depend on whether the insurance company:

- Offers discounts (like discounts for women, non-smokers, or married people; discounts for paying yearly; discounts for paying your premiums using electronic funds transfer; or discounts for multiple policies).

31 _ Section 2: Medigap Basics

- Uses medical underwriting, or applies a different premium when you don't have a guaranteed issue right or aren't in a Medigap Open Enrollment Period.
- Sells Medicare SELECT policies that may require you to use certain providers. If you buy this type of Medigap policy, your premium may be less. (Go to page 32.)
- Offers a “high-deductible option” for Plans F or G. If you buy Plans F or G with a high-deductible option, you must pay the first \$2,700 of deductibles, copayments, and coinsurance (in 2023) for covered services not paid by Medicare before the Medigap policy pays anything. You must also pay a separate deductible (\$250 per year) for foreign travel emergency services.

- End of Page

32 _ Section 2: Medigap Basics

What's Medicare SELECT?

Medicare SELECT is a type of Medigap policy sold in some states that requires you to use hospitals and, in some cases, doctors within its network to be eligible for full insurance benefits (except in an emergency). Medicare SELECT can be offered as any of the standardized Medigap plans. (Go to pages 15 – 16.) These policies generally cost less than other Medigap policies. However, if you don't use a Medicare SELECT hospital or doctor for non-emergency services, you'll have to pay some or all of what Medicare doesn't pay. Medicare will pay its share of approved charges no matter which hospital or doctor you choose.

How does Medigap help pay my Medicare Part B costs?

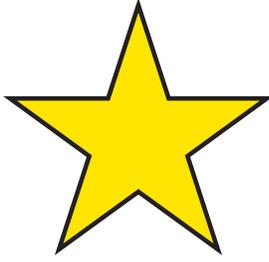

In most Medigap policies, you agree to have the Medigap insurance company get your Part B claim information directly from Medicare. Then, the Medigap insurance company pays the doctor directly whatever amount is owed under your policy. Some Medigap insurance companies also provide this service for Medicare Part A claims.

33 _ Section 2: Medigap Basics

If your Medigap insurance company **doesn't** provide this service, ask your doctors if they participate in Medicare. Participating providers have agreed to accept **assignment** for all Medicare-covered services. If your doctor participates, the Medigap insurance company is required to pay the doctor directly if you request it. If your doctor doesn't participate but still accepts Medicare, you may be asked to pay the **coinsurance** amount at the time of service. In these cases, your Medigap insurance company may pay you directly according to policy limits. Check with your Medigap policy for more details.

If you have any questions about Medigap claim filing, call 1 800 633 - 4227. TTY users can call 1 877 486 - 2048.

Section 3: Your Right to Buy a Medigap Policy

What are guaranteed issue rights?

Guaranteed issue rights are your rights to buy certain Medigap policies in certain situations outside of your Medigap Open Enrollment Period. In these situations, an insurance company must:

- Sell you a Medigap policy.
- Cover all your pre-existing health conditions.
- Not charge you more for a Medigap policy regardless of past or present health problems.

If you live in Massachusetts, Minnesota, or Wisconsin, you have guaranteed issue rights to buy a Medigap policy, but the Medigap policies are different. Go to pages 78 – 86 for your Medigap policy choices.

Underlined words are defined on pages 93 – 97.

36 _ Section 3: Your Right to Buy a Medigap Policy

When do I have guaranteed issue rights?

In most cases, you have a **guaranteed issue right** when you have other health coverage that changes in some way, like when you lose the other health coverage. In other cases, you have a “trial right” to try a **Medicare Advantage Plan** and still buy a Medigap policy if you change your mind. For information on trial rights, go to pages 40 – 41.

Medigap guaranteed issue right situations

The following information describes the most common situations, under federal law, that give you a right to buy a policy, the kind of policy you can buy, and when you can or must apply for it. States may offer additional Medigap guaranteed issue rights.

37 _ Section 3: Your Right to Buy a Medigap Policy

Situation 1:

- **You have a guaranteed issue right if...** You're in a **Medicare Advantage Plan**, and your plan is leaving Medicare or stops giving care in your area, or you move out of the plan's service area.
- **You have the right to buy...** Medigap Plan A, B, C*, D*, F*, G*, K, or L that's sold in your state by any insurance company.

You only have this right if you switch to Original Medicare rather than join another Medicare Advantage Plan.

- **You can/must apply for a Medigap policy...** As early as 60 calendar days before the date your Medicare Advantage Plan coverage will end, but no later than 63 calendar days after your coverage ends. Medigap coverage can't start until your Medicare Advantage Plan coverage ends.

- **You have the right to buy...** Medigap Plan A, B, C*, D*, F*, G*, K, or L that's sold in your state by any insurance company.

If you have COBRA coverage, you can either buy a Medigap policy right away or wait until the COBRA coverage ends.

- **You can/must apply for a Medigap policy...** No later than 63 calendar days after the latest of these 3 dates:
 1. Date the coverage ends.
 2. Date on the notice you get telling you that coverage is ending (if you get one).
 3. Date on a claim denial, if this is the only way you know that your coverage ended.

* **Note:** Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020 but not yet enrolled, you may be able to buy Plan C or Plan F. People new to Medicare on or after January 1, 2020 have the right to buy Plans D and G instead of Plans C and F.

39 _ Section 3: Your Right to Buy a Medigap Policy

- **You have the right to buy...** Any Medigap policy that's sold in your state by any insurance company.*

- **You can/must apply for a Medigap policy...** As early as 60 calendar days before the date your coverage will end, but no later than 63 calendar days after your coverage ends.

Note: Your rights may last for an extra 12 months under certain circumstances.

* **Note:** Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020 but not yet enrolled, you may be able to buy Plan C or Plan F. - **You have the right to buy...** The Medigap policy you had before you joined the Medicare Advantage Plan or Medicare SELECT policy, if the same insurance company you had before still sells it.
- If your former Medigap policy **isn't** available, you can buy Medigap Plan A, B, C*, D*, F*, G*, K, or L that's sold in your state by any insurance company.

42 _ Section 3: Your Right to Buy a Medigap Policy

- **You have the right to buy...** Medigap Plan A, B, C*, D*, F*, G*, K, or L that's sold in your state by any insurance company.
- **You can/must apply for a Medigap policy...** No later than 63 calendar days from the date your coverage ends.

* **Note:** Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020 but not yet enrolled, you may be able to buy Plan C or Plan F. 43 _ Section 3: Your Right to Buy a Medigap Policy

- **You have the right to buy...** Medigap Plan A, B, C*, D*, F*, G*, K, or L that's sold in your state by any insurance company.
- **You can/must apply for a Medigap policy...** No later than 63 calendar days from the date your coverage ends.

* **Note:** Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020 but not yet enrolled, you may be able to buy Plan C or Plan F. People new to Medicare on or after January 1, 2020 have the right to buy Plans D and G instead of Plans C and F.

44 _ Section 3: Your Right to Buy a Medigap Policy

Can I buy a Medigap policy if I lose my health coverage?

You may have a **guaranteed issue right** to buy a Medigap policy if you lose your health coverage, so make sure you keep these:

- A copy of any letters, notices, emails, and/or claim denials that have your name on them as proof of your coverage being terminated.
- The postmarked envelope these papers come in as proof of when it was mailed.

You may need to send a copy of some or all of these papers with your Medigap application to prove you have a guaranteed issue right.

If you have a **Medicare Advantage Plan** but you're planning to return to Original Medicare, you can apply for a Medigap policy before your plan coverage ends. The Medigap insurance company can sell it to you as long as you're leaving the Medicare Advantage Plan. Ask that the new policy take effect when your Medicare Advantage enrollment ends, so you'll have continuous health coverage.

45 _ Section 3: Your Right to Buy a Medigap Policy

For more information about Medigap rights

If you have any questions or want to learn about any additional Medigap rights in your state, you can:

- Call your **State Health Insurance Assistance Program (SHIP)** to make sure that you qualify for any of these **guaranteed issue rights**. (Go to pages 89 – 92.)
- Call your **State Insurance Department** if you're denied Medigap coverage in any of these situations. (Go to pages 89 – 92.)

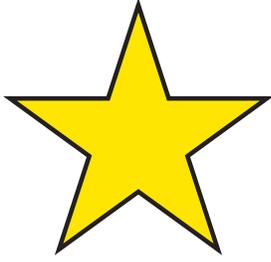

Important: The guaranteed issue rights in this section are from federal law. These rights apply to Medigap and **Medicare SELECT** policies. Many states provide additional Medigap rights.

46 _ Section 3: Your Right to Buy a Medigap Policy

There may be times when more than one of the situations on pages 36 – 43 applies to you. When this happens, you can choose the **guaranteed issue right** that gives you the best choice.

Some of the situations listed include loss of coverage under Program of All-inclusive Care for the Elderly (PACE). PACE combines medical, social, and long-term care services, and prescription drug coverage for frail older adults who need nursing home services but are capable of living in the community. To be eligible for PACE, you must meet certain conditions. PACE may be available in states that have chosen it as an optional **Medicaid** benefit. If you have Medicaid, an insurance company can sell you a Medigap policy **only** in certain situations. To find a PACE plan in your area, visit **Medicare.gov/plan-compare/#/pace**. For more information about PACE, visit **Medicare.gov**, or call 1 800 633 - 4227. TTY users can call 1 877 486 - 2048.

Section 4: Steps to Buying a Medigap Policy

Step-by-step guide to buying a Medigap policy

Buying a **Medigap policy** is an important decision. Only you can decide whether to buy a Medigap policy to supplement your Original Medicare coverage and which policy to choose. Shop carefully. Compare available Medigap policies to determine which one meets your needs. As you shop for a Medigap policy, **keep in mind that different insurance companies may charge different amounts for exactly the same Medigap policy**, and not all insurance companies offer all of the Medigap plans.

Follow our step-by-step information to buy a Medigap policy. If you live in Massachusetts, Minnesota, or Wisconsin, go to pages 78 – 86.

Underlined words are defined on pages 93 – 97.

48 _ Section 4: Steps to Buying a Medigap Policy

- **Step 1: Decide which plan you want.** Medigap policies are standardized, and in most states are named by letters, Plans A – N. Compare the benefits each plan helps pay for and choose a plan that covers what you need.
- **Step 2: Pick your policy.** Find policies in your area. Price is the only difference between policies with the same letter sold by different companies.
- **Step 3: Contact the company.** Get an official quote from the company. Prices can change at any time based on when you buy, your health conditions, and more. When you're ready to buy a policy, contact the company.

Step 1: Decide which plan you want.

Think about your current and future health care needs when deciding which benefits you want because you might not be able to switch Medigap policies later. Decide which benefits you need, and select the Medigap policy that will work best for you. Review the information on pages 15 – 16 for an overview of each Medigap plan's benefits.

49 _ Section 4: Steps to Buying a Medigap Policy

Step 2: Pick your policy.

To find out which insurance companies sell Medigap policies in your state:

- Call your **State Health Insurance Assistance Program (SHIP)**. (Go to pages 89 – 92.) Ask if they have a “Medigap rate comparison shopping guide” for your state. This guide usually lists companies that sell Medigap policies in your state and their costs.
- Call your **State Insurance Department**. (Go to pages 89 – 92.)
- Visit **Medicare.gov/medigap-supplemental-insurance-plans** to find out which insurance companies sell Medigap policies in your area.

You can also get information on:

- How to contact the insurance companies that sell Medigap policies in your state
- What each Medigap policy covers
- How insurance companies decide what to charge you for a Medigap policy premium

If you don't have a computer, your local library or senior center may be able to help you find this information.

You can also call 1 800 633 - 4227. A customer service representative will help you get information on all your coverage options, including the Medigap policies in your area. TTY users can call 1 877 486 - 2048.

50 _ Section 4: Steps to Buying a Medigap Policy

Since costs can vary between companies, plan to call more than one insurance company that sells Medigap policies in your state. Before you call, check the companies to be sure they're honest and reliable by:

- Calling your **State Insurance Department**. Ask if they keep a record of complaints against insurance companies that can be shared with you. When deciding which Medigap policy is right for you, consider these complaints, if any.
- Calling your **State Health Insurance Assistance Program (SHIP)**. These programs can give you help with choosing a Medigap policy at no cost to you.
- Going to your local public library for help with:
 - Getting information on an insurance company's financial strength from independent rating services like **weissratings.com**, A.M. Best, and Standard & Poor's.
 - Looking at information about the insurance company online.
- Talking to someone you trust, like a family member, your insurance agent, or a friend who has a Medigap policy from the same insurance company.

51 _ Section 4: Steps to Buying a Medigap Policy

Before you call any insurance companies, figure out if you're in your **Medigap Open Enrollment Period** or if you have a **guaranteed issue right**. Read pages 21 – 23 and 36 – 43 carefully. If you have questions, call your **State Health Insurance Assistance Program (SHIP)**. (Go to pages 89 – 92.)

Step 3: Contact the company.

When you're ready to contact insurance companies, use these pages to help you keep track of the information you get.

Ask each insurance company:

- **“Are you licensed in _____?”**

(Say the name of your state.)

Note: If the answer is NO, STOP here, and try another company.

Company 1: _____

Company 2: _____

52 _ Section 4: Steps to Buying a Medigap Policy

- “Do you sell Medigap Plan _____?”
(Say the letter of the Medigap Plan you’re interested in.)

Note: Insurance companies usually offer some, but not all, Medigap policies. Make sure the company sells the plan you want. Also, if you’re interested in a **Medicare SELECT** or high-deductible Medigap policy, tell them.

Company 1: _____

Company 2: _____

- “Do you use **medical underwriting** for this Medigap policy?”

Note: If the answer is NO, go to page 57. If the answer is YES, but you know you’re in your **Medigap Open Enrollment Period** or have a **guaranteed issue right** to buy that Medigap policy, go to page 57. Otherwise, you can ask, “Can you tell me if I’m likely to qualify for the Medigap policy?”

Company 1: _____

Company 2: _____

53 _ Section 4: Steps to Buying a Medigap Policy

- **“Do you have a waiting period for pre-existing conditions?”**

Note: If the answer is YES, ask how long the waiting period is and write it on the line.

Company 1: _____

Company 2: _____

- **“Do you price this Medigap policy by using community-rating, issue-age-rating, or attained-age-rating?”** (Go to pages 27 – 29.)

Note: Circle the one that applies for that insurance company.

Company 1: Community Issue-age Attained-age

Company 2: Community Issue-age Attained-age

54 _ Section 4: Steps to Buying a Medigap Policy

- “I’m _____ years old. What would my premium be under this Medigap policy?”

Note: If it’s attained-age, ask, “How frequently does the premium increase due to my age?”

Company 1: _____

Company 2: _____

- “**Has the premium for this Medigap policy increased in the last 3 years due to inflation or other reasons?**”

Note: If the answer is YES, ask how much it has increased, and write it on the line.

Company 1: _____

Company 2: _____

- End of Page

55 _ Section 4: Steps to Buying a Medigap Policy

- “Do you offer any discounts or additional benefits?” (Go to pages 30 – 31.)

Company 1: _____

Company 2: _____

Watch out for illegal practices

It's illegal for anyone to:

- Pressure you into buying a Medigap policy, or lie to or mislead you to switch from one company or policy to another.
- Sell you a second Medigap policy when they know that you already have one, unless you tell the insurance company in writing that you plan to cancel your existing Medigap policy.
- Sell you a Medigap policy if they know you have **Medicaid**, except in certain situations.
- Sell you a Medigap policy if they know you're in a **Medicare Advantage Plan**, unless your coverage under the Medicare Advantage Plan will end before the effective date of the Medigap policy.
- Claim that a Medigap policy is a part of Medicare or any other federal program. Medigap is private health insurance.
- Claim that a Medicare Advantage Plan is a Medigap policy.

56 _ Section 4: Steps to Buying a Medigap Policy

- Sell you a Medigap policy that can't legally be sold in your state. Check with your **State Insurance Department** (go to pages 89 – 92) to make sure that the Medigap policy you're interested in can be sold in your state.
- Misuse the names, letters, or symbols of the U.S. Department of Health and Human Services (HHS), Social Security Administration (SSA), Centers for Medicare & Medicaid Services (CMS), or any of their various programs like Medicare. (For example, they can't suggest the Medigap policy has been approved or recommended by the federal government.)
- Claim to be a Medicare representative if they work for a Medigap insurance company.
- Sell you a **Medicare Advantage Plan** when you say you want to stay in Original Medicare and buy a Medigap policy. A Medicare Advantage Plan isn't the same as Original Medicare. (Go to page 7.) If you enroll in a Medicare Advantage Plan, you can't use a Medigap policy.

If you believe that a federal law has been broken, call the Inspector General's hotline at 1 800 447 - 8477. TTY users can call 1 800 377 - 4950. Your **State Insurance Department** can help you with other insurance-related problems.

57 _ Section 4: Steps to Buying a Medigap Policy

Step 4: Buying your Medigap policy

Once you decide on the insurance company and the Medigap policy you want to buy, apply. The insurance company must give you a clearly worded summary of your Medigap policy. Read it carefully. If you don't understand it, ask questions. Below are some tips to keep in mind when you buy your Medigap policy:

- **Fill out your application**

Fill out the application carefully and completely, including medical questions. The answers you give will determine your eligibility for a **Medigap Open Enrollment Period** or **guaranteed issue rights**. If the insurance agent fills out the application, make sure it's correct. If you buy a Medigap policy during your Medigap Open Enrollment Period or provide evidence that you're entitled to a guaranteed issue right, the insurance company can't use any medical answers you give to deny you a Medigap policy or change the price. Also, the insurance company can't ask you any questions about your family history or require you to take a genetic test.

58 _ Section 4: Steps to Buying a Medigap Policy

- **Pay for your Medigap policy**

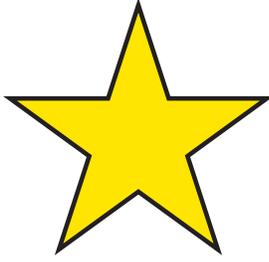

Your insurance company will let you know your payment options for your particular policy. Many companies offer electronic funds transfer, which lets you set up a recurring payment to debit automatically from a checking account or credit card. You may also be able to pay for your Medigap policy by check, money order, or bank draft. Make it payable to the insurance company, not the agent. If you buy from an agent, get a receipt with the insurance company's name, address, and phone number for your records.

- **Start your Medigap policy**

Ask for your Medigap policy to become effective when you want coverage to start. Generally, Medigap policies begin the first of the month after you apply. If, for any reason, the insurance company won't give you the effective date for the month you want, call your **State Insurance Department**. (Go to pages 89 – 92.)

Note: If you already have a Medigap policy, ask for your new Medigap policy to become effective when your old Medigap policy coverage ends.

If you don't get your Medigap policy (like your Medigap card or proof of insurance) in 30 days, call your insurance company. If you don't get your Medigap policy in 60 days, call your State Insurance Department.

Section 5: If You Already Have a Medigap Policy

This section may apply to you if:

- You're thinking about switching to a different Medigap policy. (Go to pages 60 – 65.)
- You're losing your Medigap coverage. (Go to page 67.)
- You have a Medigap policy with Medicare drug coverage. (Go to pages 68 – 72.)

If you just want a refresher about Medigap insurance, go to pages 15 – 16.

- End of Page

Underlined words are defined on pages 93 – 97.

60 _ Section 5: If You Already Have a Medigap Policy

Switching Medigap policies

Can I switch to a different Medigap policy?

In most cases, you won't have a right under federal law to switch Medigap policies, unless you're within your 6-month **Medigap Open Enrollment Period** or are eligible under a specific circumstance for **guaranteed issue rights**. But, if your state has more generous requirements, or the insurance company is willing to sell you a Medigap policy, make sure you compare benefits and **premiums** before switching. If you bought your Medigap policy before 2010, it may offer coverage that isn't available in a newer Medigap policy. On the other hand, Medigap policies bought before 1992 might not be **guaranteed renewable** and might have bigger premium increases than newer, standardized Medigap policies currently being sold.

If you decide to switch, don't cancel your first Medigap policy until you've decided to keep the second Medigap policy. On the application for the new Medigap policy, you'll have to promise that you'll cancel your first Medigap policy. You have 30 days to decide if you want to keep the new Medigap policy. This is called your "free look period." The 30-day free look period starts when you get your new Medigap policy. You'll need to pay both premiums for one month.

61 _ Section 5: If You Already Have a Medigap Policy

Do I have to switch Medigap policies if I have a Medigap policy that's no longer sold?

No. But you can't have more than one Medigap policy, so if you buy a new Medigap policy, you have to give up your old policy (except for your 30-day "free look period," described on page 22). Once you cancel the old policy, you can't get it back.

Do I have to wait a certain length of time after I buy my Medigap policy before I can switch to a different Medigap policy?

No, but if you've had your current Medigap policy for less than 6 months, the insurance company offering the new Medigap policy may be able to make you wait up to 6 months before it covers a **pre-existing condition**.

- Your new Medigap policy must subtract the time you had your old Medigap policy from the time it makes you wait before it must cover your pre-existing condition. For example, if you had your old Medigap policy for 4 months, the new policy must subtract 4 months from how long it waits before covering your pre-existing condition. In this example, you'd wait up to 2 months before the new policy covers your pre-existing condition.

62 _ Section 5: If You Already Have a Medigap Policy

- If the new Medigap policy has a benefit that isn't in your current Medigap policy, you may still have to wait up to 6 months before that benefit will be covered, regardless of how long you've had your current Medigap policy.
- If you've had your current Medigap policy longer than 6 months and want to replace it with a new one with the same benefits and the insurance company agrees to issue the new policy, they can't write **pre-existing conditions**, waiting periods, elimination periods, or probationary periods into the replacement policy.

Why would I want to switch to a different Medigap policy?

Some reasons for switching may include:

- You're paying for benefits you don't need.
- You need more benefits than you needed before.
- Your current Medigap policy has the right benefits, but you want to change your insurance company.
- Your current Medigap policy has the right benefits, but you want to find a policy that's less expensive.

63 _ Section 5: If You Already Have a Medigap Policy

It's important to compare the benefits in your current Medigap policy to the benefits listed on pages 15 – 16. If you live in Massachusetts, Minnesota, or Wisconsin, go to pages 78 – 86. To help you compare benefits and decide which Medigap policy you want, follow the “**Steps to Buying a Medigap Policy**” in Section 4. If you decide to change insurance companies, you can call the new insurance company and apply for your new Medigap policy. If your application is accepted, call your current insurance company, and ask to have your coverage end. The insurance company can tell you how to submit a request to end your coverage.

As explained on page 60, make sure your old Medigap policy coverage ends **after** you have the new Medigap policy for 30 days. Remember, this is your 30-day “free look period.” You'll need to pay both premiums for one month.

64 _ Section 5: If You Already Have a Medigap Policy

Can I keep my current Medigap policy (or Medicare SELECT policy) or switch to a different Medigap policy if I move out-of-state?

In general, you can keep your current Medigap policy regardless of where you live as long as you still have Original Medicare. If you want to switch to a different Medigap policy, you'll have to check with your current or the new insurance company to see if they'll offer you a different Medigap policy.

You may have to pay more for your new Medigap policy and answer some medical questions if you're buying a Medigap policy outside of your **Medigap Open Enrollment Period**. (Go to pages 21 – 25.)

- End of Page

65 _ Section 5: If You Already Have a Medigap Policy

If you have a **Medicare SELECT** policy and you move out of the policy's area, you can:

- Buy a standardized Medigap policy from your current Medigap insurance company that offers the same or fewer benefits than your current Medicare SELECT policy. If you've had your Medicare SELECT policy for more than 6 months, you won't have to answer any medical questions.
- Use your **guaranteed issue right** to buy any Plan A, B, C, D, F, G, K, or L that's sold in your state by any insurance company.

Note: Plans C and F are no longer available to people new to Medicare on or after January 1, 2020. However, if you were eligible for Medicare before January 1, 2020, but not yet enrolled, you may be able to buy Plan C or Plan F. People new to Medicare on or after January 1, 2020, have the right to buy Plans D and G instead of Plans C and F.

Your state may provide additional Medigap rights. Call your **State Health Insurance Assistance Program (SHIP)** or State Department of Insurance for more information. Go to pages 89 – 92 for their phone numbers.

66 _ Section 5: If You Already Have a Medigap Policy

What happens to my Medigap policy if I join a Medicare Advantage Plan?

You can't use (and can't buy) a Medigap policy while you're in a **Medicare Advantage Plan**. If you decide to keep your Medigap policy, you'll have to pay your Medigap policy **premium**, but the Medigap policy can't pay any **deductibles**, **copayments**, **coinsurance**, or premiums under a Medicare Advantage Plan. So, if you join a Medicare Advantage Plan, you may want to drop your Medigap policy. Contact your Medigap insurance company to find out how to end your coverage. **However, if you leave the Medicare Advantage Plan you might not be able to get back the same Medigap policy, or in some cases any Medigap policy, unless you have a "trial right."** (Go to pages 40 – 41.) Your rights to buy a Medigap policy may vary by state. You always have a legal right to keep the Medigap policy after you join a Medicare Advantage Plan. However, because you have a Medicare Advantage Plan, the Medigap policy would no longer provide benefits that supplement Medicare.

67 _ Section 5: If You Already Have a Medigap Policy

Losing Medigap coverage

Can my Medigap insurance company drop me?

If you bought your Medigap policy **after 1992**, in most cases the Medigap insurance company can't drop you because the Medigap policy is guaranteed renewable. This means your insurance company can't drop you unless one of these happens:

- You stop paying your premium.
- You weren't truthful on the Medigap policy application.
- The insurance company becomes bankrupt or insolvent.

If you bought your Medigap policy **before 1992**, it might not be guaranteed renewable. This means the Medigap insurance company can refuse to renew your Medigap policy, as long as it gets the state's approval to cancel your policy. However, if this does happen, you have the right to buy another Medigap policy. Review examples of guaranteed issue right situations on page 35.

Medigap policies and Medicare drug coverage (Part D)

What if I bought a Medigap policy before January 1, 2006, and it already has prescription drug coverage?

Medicare offers prescription drug coverage for everyone with Medicare. If you have a Medigap policy with prescription drug coverage, that means you chose not to join a **Medicare drug plan** when you were first eligible. However, you can still join a Medicare drug plan. Your situation may have changed in ways that make a Medicare drug plan fit your needs better than the drug coverage in your Medigap policy. It's a good idea to review your coverage each fall, because you can join a Medicare drug plan between October 15 – December 7. Your new coverage will begin on January 1.

- End of Page

69 _ Section 5: If You Already Have a Medigap Policy

What if I change my mind and join a Medicare drug plan?

If your Medigap premium or your prescription drug needs were very low when you had your first chance to join a Medicare drug plan, your Medigap drug coverage may have met your needs. However, if your Medigap premium has gone up or you've started taking more prescription drugs recently, a Medicare drug plan might now be a better choice for you. Also consider that your prescription drug needs could increase as you get older.

In a Medicare drug plan, you may have to pay a monthly premium. There are no yearly maximum coverage amounts like with Medigap drug benefits in old Plans H, I, and J, which are no longer sold. However, a Medicare drug plan might only cover certain prescription drugs (on its "formulary" or "drug list"). It's important that you check whether your current prescription drugs are on the Medicare drug plan's list of covered prescription drugs before you join.

70 _ Section 5: If You Already Have a Medigap Policy

Will I have to pay a late enrollment penalty if I join a Medicare drug plan now?

If you bought a Medigap policy before January 1, 2006, that includes prescription drug coverage, you may have to pay a late enrollment penalty if the policy doesn't include "creditable prescription drug coverage." Having creditable coverage means that the Medigap policy's drug coverage pays, on average, at least as much as Medicare's standard drug coverage and gives the same value for your prescriptions as Medicare drug coverage (Part D).

If your Medigap policy's drug coverage isn't creditable coverage, and you join a **Medicare drug plan** now, you'll probably pay a higher **premium** (a penalty added to your monthly premium) than if you had joined when you were first eligible. Each month that you wait to join a Medicare drug plan will make your late enrollment penalty higher. Your Medigap insurance company must send you a notice each year telling you if the drug coverage in your Medigap policy is creditable or if the drug coverage in your Medigap policy changes so that it's no longer creditable. Keep these notices in case you decide later to join a Medicare drug plan.

71 _ Section 5: If You Already Have a Medigap Policy

If your Medigap policy includes creditable prescription drug coverage or if you get a notice from your Medigap insurance company that your Medigap drug coverage will no longer be creditable, and you decide to join a **Medicare drug plan**, you won't have to pay a late enrollment penalty as long as you don't go 63 or more days in a row without creditable prescription drug coverage. Don't drop the drug coverage from your Medigap policy **before** you join the Medicare drug plan and the coverage starts. In general, you can only join a Medicare drug plan during the annual Medicare Open Enrollment Period between October 15 – December. However, if you lose your Medigap policy entirely (for example, and you lose your coverage, or your Medigap policy coverage otherwise ends through no fault of your own), you may be able to join a Medicare drug plan. Some people with Medicare qualify for Extra Help, a program to help people with limited income and resources pay for Medicare Part D costs, like **premiums**, **deductibles**, and **coinsurance**. If you qualify for Extra Help, you won't pay a late enrollment penalty when you join a Medicare drug plan.

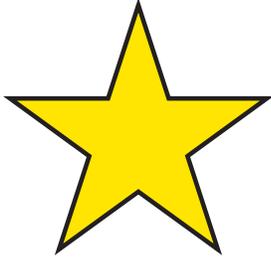

72 _ Section 5: If You Already Have a Medigap Policy

Can I join a Medicare drug plan and have a Medigap policy with prescription drug coverage?

No. If your Medigap policy covers prescription drugs, you must tell your Medigap insurance company when you join a **Medicare drug plan** so it can remove the prescription drug coverage from your Medigap policy and adjust your **premium**. Once the drug coverage is removed, you can't get that coverage back even though you didn't change Medigap policies.

What if I decide to drop my entire Medigap policy (not just the drug coverage) and join a Medicare Advantage Plan that offers drug coverage?

In general, you can only join a Medicare drug plan or **Medicare Advantage Plan** with drug coverage during the Medicare Open Enrollment Period between October 15 – December 7. If you join during Open Enrollment, your coverage will begin on January 1. **In most cases, if you drop your Medigap policy to join a Medicare Advantage Plan, you won't be able to get it back, so pay careful attention to the timing.**

Section 6: Medigap Policies for People with a Disability or ESRD

Medigap policies for people who are under 65 and eligible for Medicare because of a disability or End-Stage Renal Disease (ESRD)

You may have Medicare before turning 65 due to a disability or End-Stage Renal Disease (ESRD) (permanent kidney failure requiring dialysis or a kidney transplant).

If you're under 65 and have Medicare because of a disability or ESRD, you might not be able to buy the Medigap policy you want, or any Medigap policy, until you turn 65. Federal law generally doesn't require insurance companies to sell Medigap policies to people who are under 65. However, some states require Medigap insurance companies to sell you a Medigap policy, even if you're under 65. These states are listed on the next page.

Underlined words are defined on pages 93 – 97.

74 _ Section 6: Medigap Policies for People with a Disability or ESRD

Important: This section provides information on the minimum federal standards for Medigap policies. Your state may have different requirements. Call your **State Insurance Department** or **State Health Insurance Assistance Program (SHIP)**.
(Go to pages 89 – 92.)

At the time of printing this guide, these states required insurance companies to offer at least one kind of Medigap policy to people with Medicare under 65:

- Arkansas
- California
- Colorado
- Connecticut
- Delaware
- Florida
- Georgia
- Hawaii
- Idaho
- Illinois
- Kansas
- Kentucky
- Louisiana
- Maine
- Maryland
- Massachusetts
- Michigan
- Minnesota
- Mississippi
- Missouri
- Montana
- New Hampshire
- New Jersey
- New York
- North Carolina
- Oklahoma
- Oregon
- Pennsylvania
- South Dakota
- Tennessee
- Texas
- Vermont
- Wisconsin

75 _ Section 6: Medigap Policies for People with a Disability or ESRD

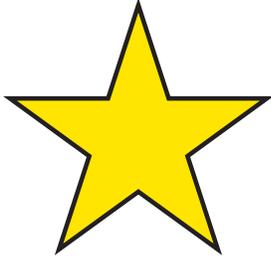

Note: Some states provide these rights to all people with Medicare under 65, while others only extend them to people eligible for Medicare because of disability or only to people with ESRD. Check with your **State Insurance Department** about what rights you might have under state law.

Even if your state isn't listed on the previous page, some insurance companies may voluntarily sell Medigap policies to people who are under 65, although they'll probably cost you more than Medigap policies sold to people over 65, and they can probably use **medical underwriting**. Also, some of the federal guaranteed rights are available to people with Medicare under 65. (Go to pages 36 – 46.) Check with your State Insurance Department about what additional rights you might have under state law.

Remember, if you already have Medicare Part B (Medical Insurance), you'll get a **Medigap Open Enrollment Period** when you turn 65. You'll probably have more Medigap policy options and be able to get a lower **premium** at that time. During the Medigap Open Enrollment Period, insurance companies can't refuse to sell you any Medigap policy due to a disability or other health problem, or charge you a higher premium (based on health status) than they charge other people who are 65.

76 _ Section 6: Medigap Policies for People with a Disability or ESRD

Because Medicare (Part A and/or Part B) is creditable coverage, if you had Medicare for more than 6 months before you turned 65, you may not have to wait through a **pre-existing condition** waiting period for coverage you bought during the **Medigap Open Enrollment Period**. For more information about the Medigap Open Enrollment Period and pre-existing conditions, go to pages 24 – 26. If you have questions, call your **State Health Insurance Assistance Program (SHIP)**. (Go to pages 89 – 92.)

Section 9: Definitions

Assignment

An agreement by your doctor, provider, or supplier to be paid directly by Medicare, to accept the payment amount Medicare approves for the service, and not to bill you for any more than the Medicare deductible and coinsurance.

Coinsurance

An amount you may be required to pay as your share of the cost for services after you pay any deductibles. Coinsurance is usually a percentage (for example, 20%).

Copayment

An amount you may be required to pay as your share of the cost for a medical service or supply, like a doctor's visit, hospital outpatient visit, or a prescription drug. A copayment is usually a set amount, rather than a percentage. For example, you might pay \$10 or \$20 for a doctor's visit or prescription drug.

94 _ Section 9: Definitions

Deductible

The amount you must pay for health care or prescriptions before Original Medicare, your Medicare Advantage Plan, your Medicare drug plan, or your other insurance begins to pay.

Excess charge

If you have Original Medicare, and the amount a doctor or other health care provider is legally permitted to charge is higher than the Medicare-approved amount, the difference is called the excess charge.

Guaranteed issue rights (also called “Medigap protections”)

Rights you have in certain situations when insurance companies are required by law to sell or offer you a Medigap policy. In these situations, an insurance company can't deny you a Medigap policy, or place conditions on a Medigap policy, like exclusions for pre-existing conditions, and can't charge you more for a Medigap policy because of a past or present health problem.

95 _ Section 9: Definitions

Guaranteed renewable policy

An insurance policy that can't be terminated by the insurance company unless you make untrue statements to the insurance company, commit fraud, or don't pay your premiums. All Medigap policies issued since 1992 are guaranteed renewable.

Medicaid

A joint federal and state program that helps with medical costs for some people with limited income and (in some cases) resources. Medicaid programs vary from state to state, but most health care costs are covered if you qualify for both Medicare and Medicaid.

Medical underwriting

The process that an insurance company uses to decide, based on your medical history, whether to take your application for insurance, whether to add a waiting period for pre-existing conditions (if your state law allows it), and how much to charge you for that insurance.

96 _ Section 9: Definitions

Medicare Advantage Plan (Part C)

A type of Medicare health plan offered by a private company that contracts with Medicare. Medicare Advantage Plans provide all of your Part A and Part B benefits, with a few exclusions, for example, certain aspects of clinical trials which are covered by Original Medicare even though you're still in the plan. Medicare Advantage Plans include: Health Maintenance Organizations, Preferred Provider Organizations, Private Fee-for-Service Plans, Special Needs Plans, and Medicare Medical Savings Account Plans. If you're enrolled in a Medicare Advantage Plan, most Medicare services are covered through the plan and aren't paid for by Original Medicare. Most Medicare Advantage Plans offer prescription drug coverage.

Medicare-approved amount

In Original Medicare, this is the amount a doctor or supplier that accepts assignment can be paid. It may be less than the actual amount a doctor or supplier charges. Medicare pays part of this amount and you're responsible for the difference.

97 _ Section 9: Definitions

Medicare drug plan (Part D)

Part D adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private-Fee-for-Service Plans, and Medicare Medical Savings Account Plans. These plans are offered by insurance companies and other private companies approved by Medicare. Medicare Advantage Plans may also offer prescription drug coverage that follows the same rules as Medicare drug plans.

Medicare SELECT

A type of Medigap policy that may require you to use hospitals and, in some cases, doctors within its network to be eligible for full benefits.

Medigap Open Enrollment Period

A one-time-only, 6-month period when federal law allows you to buy any Medigap policy you want that's sold in your state. It starts in the first month that you're covered under Medicare Part B and you're 65 or older. During this period, you can't be denied a Medigap policy or charged more due to past or present health problems. Some states may have additional Open Enrollment rights under state law.

98 _ Section 9: Definitions

Pre-existing condition

A health problem you had before the date that new health coverage starts.

Premium

The periodic payment to Medicare, an insurance company, or a health care plan for health care or prescription drug coverage.

State Health Insurance Assistance Program (SHIP)

A state program that gets money from the federal government to give free local health insurance counseling to people with Medicare.

State Insurance Department

A state agency that regulates insurance and can provide information about Medigap policies and other private health insurance.
