Get your Medicare Summary Notices electronically

If you have Original Medicare, you can get your Medicare claims statements (called Medicare Summary Notices or MSNs) electronically for any month you have claims processed, instead of waiting months to get them in the mail.

Choosing electronic statements can help you:

- Track your official claims and costs, including your remaining deductible
- Prevent fraud by making sure you're billed only for the services you've gotten
- Catch errors in billing and services sooner
- Save or share your statements with trusted helpers
- Print only what you need

To get the electronic MSN, scan the QR code below, then log in to (or create) your Medicare account at **Medicare.gov**. Go to "My account settings" and change your MSN delivery preference to "Electronically."
