

# Your Discharge Planning Checklist:

For patients and their caregivers  
preparing to leave a hospital, nursing home,  
or other care setting

Name: \_\_\_\_\_

Reason for admission: \_\_\_\_\_

During your stay, your doctor and the staff will work with you to plan for your discharge. You and your caregiver (a family member or friend who may be helping you) are important members of the planning team. You and your caregiver can use this checklist to prepare for your discharge.

### Instructions:

- Use this checklist early and often during your stay.
- Talk to your doctor and the staff (like a discharge planner, social worker, or nurse) about the items on this checklist.
- Check the box next to each item when you and your caregiver complete it. 
- Use the notes column to write down important information (like names and phone numbers).
- Skip any items that don't apply to you.

Action items	Notes
<b>What's ahead?</b>	
<input type="checkbox"/> Ask where you'll get care after you leave (after you're discharged). Do you have options (like home health care)? Be sure you tell the staff what you prefer.	
<input type="checkbox"/> If a caregiver will be helping you after discharge, write down their name and phone number.	
<b>Your health</b>	
<input type="checkbox"/> Ask the staff about your health condition and what you can do to help yourself get better.	
<input type="checkbox"/> Ask about problems to watch for and what to do about them. Write down a name and phone number of a person to call if you have problems.	

## Action items

## Notes

- Ask for written discharge instructions (that you can read and understand) and a summary of your current health status. Bring this information and your completed “My drug list” to your follow-up appointments.
- Use “My appointments” on page 5 to write down any appointments and tests you’ll need in the next several weeks.

### For the caregiver

- Do you have any questions about the items on this checklist or on the discharge instructions? Write them down, and discuss them with the staff.
- Can you give the patient the help he or she needs?
  - What tasks do you need help with?
  - Do you need any education or training?
  - Talk to the staff about getting the help you need before discharge.
  - Write down a name and phone number of a person you can call if you have questions.
- Get prescriptions and any special diet instructions early, so you won’t have to make extra trips after discharge.

## More information for people with Medicare

### If you need help choosing a home health agency or nursing home:

- Talk to the staff.
- Visit **Medicare.gov** to compare the quality of home health agencies, nursing homes, dialysis facilities, and hospitals in your area.
- Call **1-800-MEDICARE** (1-800-633-4227). TTY users can call 1-877-486-2048.

### If you think you’re being asked to leave a hospital or other health care setting (discharged) too soon:

You may have the right to ask for a review of the discharge decision by the Beneficiary and Family Centered Care Quality Improvement Organization (BFCC-QIO) before you leave. A BFCC-QIO is a type of quality improvement organization (a group of doctors and other health care experts under contract with Medicare) that reviews complaints and quality of care for people with Medicare. To get the phone number for your BFCC-QIO, visit **Medicare.gov/contacts**, or call **1-800-MEDICARE**. You can also ask the staff for this information. If you’re in a hospital, the staff should give you a notice called “Important Message from Medicare,” which contains information on your BFCC-QIO. If you don’t get this notice, ask for it.

For more information on your right to appeal, visit **Medicare.gov/appeals**.

# My drug list

Filled out on: \_\_\_\_\_

Fill out this list with all prescription drugs, over-the-counter drugs, vitamins, and herbal supplements you take. Review this list with the staff.

If you have Medicare and limited income and resources, you may qualify for Extra Help to pay for your Medicare prescription drug coverage. For more information about Extra Help, visit [Medicare.gov](https://www.medicare.gov).
